

## PRODUCT CATALOGUE

# Plastic Labware

## Kitazato Super Quality Series

- Japan-made labware, produced with advanced molding technology to achieve exceptional transparency.

### Disposable Pipette

The short type ensures comfortable usage in a clean bench, while its clear scale enables precise operations.

| REF     | Code                | Contents                               |
|---------|---------------------|--|
| 1500001 | Pipette(Short) 2mL  | 50pcs <sup>※</sup> x 4pack 200pcs/pack |
| 1500003 | Pipette(Short) 5mL  | 50pcs <sup>※</sup> x 4pack 200pcs/pack |
| 1500005 | Pipette(Short) 10mL | 50pcs <sup>※</sup> x 4pack 200pcs/pack |
| 1500007 | Pipette(Short) 25mL | 50pcs <sup>※</sup> x 4pack 200pcs/pack |
| 1500009 | Pipette 50mL        | 25pcs <sup>※</sup> x 4pack 100pcs/pack |

<sup>※</sup>individually packed

### Centrifuge tube

Tubes are made of TPX, a novel material blending PS and PP for its high transparency and robust strength.

| REF     | Code                         | Contents                       |
|---------|------------------------------|--------------------------------|
| 1501001 | Centrifuge Tube(B) Rack 15mL | 25pcs rack x 6pack 150pcs/pack |
| 1501011 | Centrifuge Tube(W) Rack 15mL | 25pcs rack x 6pack 150pcs/pack |
| 1501021 | Centrifuge Tube(R) Rack 15mL | 25pcs rack x 6pack 150pcs/pack |
| 1501051 | Centrifuge Tube(B) Bulk 15mL | 25pcs bulk x 8pack 200pcs/pack |
| 1501061 | Centrifuge Tube(W) Bulk 15mL | 25pcs bulk x 8pack 200pcs/pack |
| 1501071 | Centrifuge Tube(R) Bulk 15mL | 25pcs bulk x 8pack 200pcs/pack |

<sup>※</sup>Color codes : Blue(B),White(W),Red(R)

### Center Well Dish

For insemination, embryo culture and embryo transfer preparation. The bottom surface makes direct contact with the warmer, ensuring efficient heat transmission and retention. This design maintains a stable temperature, providing a preferred environment for embryos. The round shape design allows for space-saving usage. Total well capacity is 8 mL (center well 1 mL), diameter 60 mm.

| REF     | Code             | Contents                   |
|---------|------------------|----------------------------|
| 1502045 | Center-Well Dish | 10pcs x 50pack 500pcs/pack |

Grip (Ergonomic design)

**NEW**

### Center Well Dish EZ

Similar to the "Center Well Dish," this dish is versatile and suitable for various stages such as oocyte inspection, fertilization, cultivation, warming, and embryo transfer. Additionally, it features an easy-grip design for convenient one-handed transport when the lid is closed.

| REF     | Code                | Contents                   |
|---------|---------------------|----------------------------|
| 1502055 | Center-Well Dish EZ | 10pcs x 50pack 500pcs/pack |

Specification may change without pre-notice for purpose of product improvement.

## 5well-multiplate

The round-bottom design facilitates embryo inspection and pipetting manipulation, ensuring ease of use for various applications.

Well volume: 1 ml each, Plate size: 65 x 65 (mm).

| REF     | Code              | Contents                   |
|---------|-------------------|----------------------------|
| 1502030 | 5well multi-plate | 10pcs x 18pack 180pcs/pack |

## Dropper

Ideal for various applications such as removing excess and applying cover oils.

Size: 15cm.

| REF     | Code        | Contents                                |
|---------|-------------|---|
| 1506000 | Dropper 3mL | 100pcs <sup>※</sup> x 5pack 500pcs/pack |

※individually packed

## 2 Position Round-Bottom Tube

The 2-position cap enables effective ventilation and sealing, ensuring secure opening and closing. It is suitable for use in both oocyte collection and culture media.

| REF     | Code                              | Contents                   |
|---------|-----------------------------------|----------------------------|
| 1504000 | 2-Position Round-Bottom Tube 14mL | 25pcs x 10pack 250pcs/pack |
| 1504010 | 2-Position Round-Bottom Tube 5mL  | 25pcs x 20pack 500pcs/pack |

## 35mm 9 Dimple Dish

This dish features easy-to-dispense 20 $\mu$ L dimples in a 3 $\times$ 3 grid, facilitating individual culturing. It minimizes paraffin oil usage, prevents drops from adhering to each other, and enhances operational efficiency.

| REF     | Code                   | Contents                   |
|---------|------------------------|----------------------------|
| 1502050 | 35mm 9well Dimple Dish | 10pcs x 50pack 500pcs/pack |

## Dish

Highly uniform smooth surface produced with advanced molding technology facilitates the easy creation of drops.

| REF     | Code                             | Contents                   |
|---------|----------------------------------|----------------------------|
| 1502000 | Cell Culture Dish ( $\phi$ 35mm) | 20pcs x 25pack 500pcs/pack |
| 1502015 | Cell Culture Dish ( $\phi$ 60mm) | 10pcs x 50pack 500pcs/pack |
| 1502020 | Cell Culture Dish ( $\phi$ 90mm) | 10pcs x 20pack 200pcs/pack |

## Center Well Plate

For insemination, embryo culture and embryo transfer preparation. The square type is easy to hold and grip.

Total well volume: 8 mL (center 1 mL), Plate size 65 X 65 mm).

| REF     | Code              | Contents                   |
|---------|-------------------|----------------------------|
| 1502040 | Center-Well Plate | 10pcs x 18pack 180pcs/pack |
